

SEEKING HELP FROM AREA CONTRACTORS...

West Haven City Officers and the Weber County Sheriff's Department is asking all contractors to help protect their construction sites from recent burglary and thefts by taking the following action:

- Post "No Trespassing" signs at all construction sites.
- Post signs indicating that anyone found removing materials from the site, without written authorization, will be prosecuted.
- Provide Weber County Sheriff Department and West Haven City an after hour contact number of a responsible party to contact in the event of an emergency.

You may leave this information by calling the Weber County Sheriff Department Office @ 778-6650 or Dispatch @ 629-8221 and by calling West Haven City Office @ 731-4519.

These actions are necessary for the following reasons:

- Required by the Weber County Attorney's Office in order to criminally prosecute these type of offenses.
- It will allow officers more latitude in enforcement actions such as issuing a citation or arresting anyone caught trespassing and/or removing property from the construction site.

Thank you for taking time to assist in the preservation and protection of your property!
