Special League Rules

We will run the league by the Weber County Rules, if you have questions, ask your director for a copy of the rules.

- * Games are 75 minutes long or 5 complete innings. No new inning will start after 70 minutes. (10 run slaughter rule will be in affect after 3 complete innings)
- * Every player will bat. The order will remain the same throughout the game; players that are late will be added to the end of the lineup. Teams may start a game with 7 players, taking an automatic out when the 8th and 9th batters are due up.
- * A runner on third base can only score three ways: being batted in, being forced in, or be played on at third base.
- * Base runners may steal second and third base once the ball is released from the pitchers hand.
- * On third strike or called third strike, which is dropped by the catcher, the batter is out, no throw to first base is necessary.
- * pitching distance is 30 feet. Base path is 50 feet.

*****Please remind your parents, players & fans to Practice good sportsmanship*****
